## UKRAINIAN DESK

Ukrainian Desk of PETERKA PARTNERS aims to become the main contact for the Ukrainian business people wishing to expand their businesses outside Ukraine. While our Ukrainian office acts as a competence center for doing business in Ukraine, members of the Ukrainian desk assist those Ukrainian businesses which go abroad.

We act as a bridge from Ukraine to our experts in EU countries of CEE region who advise on all aspects of corporate, commercial, tax, employment, immigration, intellectual property law, as well as provide tailor-made solutions in almost any field of law to meet client expectations.

### **Our advantages:**

- We speak Ukrainian, as well as other languages to make our clients feel at comfort
- We have deep understanding of business culture both in Ukraine and the EU
- We have 10 own offices in the EU and extensive network of business contacts in 90+ jurisdictions throughout the world

In addition to assisting Ukrainian businesses in opening presence abroad, our Ukrainian Desk also helps international clients in relocating their staff and production abroad when necessary. This is a complex work which includes both:

- Ukrainian part, where we take care especially of corporate law aspects (e.g., liquidation), labour law issues and restrictions as to crossing the border in view of martial law, as well as taxation and contractual matters;
- EU part, where our Ukrainian Desk works with our respective EU office to solve all corporate law matters (like establishment of a company), labour law, tax and immigration matters and any contractual issues.

As a result, the client gets a one-stop shop allowing to smoothly transfer or expand its business or part of it from Ukraine to EU countries.
