Legal services for CEE clients in France

The PETERKA & PARTNERS French Desk is unique among law firms in Central and Eastern Europe. We have a strong link to France and deep knowledge of French ambiance and the intricacies of its legal system thanks mainly to the founder and Managing Partner of the firm, Ondrej Peterka. Mr. Peterka is admitted to the Paris Bar, has more than ten years of experience practising directly in France, and subsequently numerous years of practice providing legal services to CEE-based clients in France.

The PETERKA & PARTNERS French Desk team is composed of twenty bilingual French-speaking partners, associates and tax advisors who have lived, studied and practised in France and who have a thorough knowledge of the French culture, mindset and legal system as well as commercial practices, and have thus the particular know-how for the provision of legal services to clients from within the CEE region in France. We act as a leading counsel and manage the work of French law firms similarly as if they were just another office.

Thanks to our broad network of cooperating French law firms, we are always able to choose the appropriate one whose experience and practices best fit the needs of our clients. Given our long-term cooperation, we also obtain significantly lower hourly rates from our partner law firms.
